NATURE PROGRAMS AT FENCE . . .

It's no secret that the quality of our lives is directly connected to the quality of our environment. FENCE nature programs are designed to:

1. Increase awareness and appreciation of the natural world,
2. Promote understanding and respect for the environment, and
3. Teach conservation and wise use of nature's resources on which we all depend for life and livelihood.

The Kirby Endowment Fund at the Polk County Community Foundation has generously provided funding needed to offer your child these fun filled Summer Programs.

ABOUT FENCE ...

Foothills Equestrian Nature Center is a non-profit organization established in 1984 to help preserve Polk County's rich environmental and equestrian heritage. FENCE provides facilities for a variety of equestrian activities and conducts year-round nature education programs for all ages. A volunteer board of directors and a small paid staff oversees operations. FENCE is funded primarily by tax deductible contributions from individuals and groups who share our goals for education, recreation, and preservation.
